COMMENTS AND COUNTER-PROPOSAL

I, Linda Ware, offer the following comments and counter-proposal in connection with the above-referenced rule making proceeding. I request that Channel 296-A not be deleted at Oakhurst, California. I further request that if the Commission is inclined to allot Channel 276-A to the petitioner in the above-referenced rule making proceeding that the Commission also leave Channel 296-A allotted to Oakhurst, California, as that community's second FM service. No engineering showing is required to demonstrate that Channel 296-A will fit at Oakhurst as a Class A allotment. Channel 296-A is already in use at Oakhurst. If Channel 296-A is allowed to remain at Oakhurst, California, as that community's second FM service, I would apply for a new FM station at Oakhurst on Channel 296-A. Channel 296-A will fit at Oakhurst, California, and should be left as a second FM service rather than be deleted by the above-referenced proceeding.

Dated; April 20, 1993.

Respectfully submitted,

Linda Ware
